

What people say about us...

"On Tuesday of this week I went to the Liverpool Museum. My entry time was 10am just after your class. I am writing to say your pupils were well behaved and very attentive. Your teacher(s) in charge are a credit not only to the school but to their profession. Reading a lot of the signage and explaining sometimes difficult subjects with clear precise understanding in an engaging attitude. No child could be described as unruly, bored or unaware of fellow viewers. In fact their quiet enthusiasm added a little more to the already rewarding experience of the morning. If it wasn't for the fact they were wearing bright yellow jackets most of the time you couldn't tell they were there. An example that I and some other adult viewers could well learn from. Whatever you teach at your school, please carry on.

No need to reply to this but please inform those who were involved my pleasure that I shared the exhibition with them.

p.s. To the pupil who said to the teacher "I'm crying for some reason " I felt a little the same

So the day has finally come for this lovely lady to leave [@halewoodcofe](#). She has been blessed with so much support, memories and guidance from the amazing teachers and support staff. We honestly couldn't have asked for a better start for her. Thank you to each and everyone of you

Thank you for your communication and swift organisation following the announcement last night. It was very much appreciated.

Well done to all the staff [@halewoodcofe](#) it is very much deserved! We have had the pleasure of our daughter passing through the school and our son now following in her footsteps. We honestly feel blessed for them to be taught in such a dedicated and inspiring setting ❤️❤️

Huge gratitude to the amazing staff [@halewoodcofe](#) for giving Sammy the best possible start in life. Brilliant school and great memories as he moves forward to the next chapter of his school life 🙌🙌 thank you

Watching Miss Sudworth teach a physical class of 17 and a virtual class of 13 children at the same time, managing to keep both groups engaged is a wonder to behold! These children are age 6-7 and all with differing needs! Amazing 🙌

Thank you to all for such a well organised response to the news. It was lovely for our children to see their teachers this morning as they enter another challenging period. Best wishes to all staff for the next few weeks, we know it's not easy x
