

Junior Leadership Team

Our school JLT have driven community improvements including clothing recycling, safe parking and litter picks. The Junior Leadership Team are the voice of the children and organise projects that work with the school community and local community to drive improvements; they are also part of developing the strategic direction of the school.

Thank you to Paul Costello, Environmental Education Officer @KnowsleyCouncil who joined us this week for our JLT Meeting. He's going to be helping us with our next project where we'll be working in the community to do litter picks and educating others around recycling. 🌱

Our Junior Leadership Team have launched their first #EcoProject in conjunction with @RobertsRecycle & @HalewoodTC They'd like you to collect any unwanted textiles...see poster. After half term you will receive a collection bag to put these in, then they can be brought to school.

I hear you say...

Well, once your clothes are loaded onto our van they start a journey that could take them to any corner of the world.

One thing all the clothes do have in common is that they are going to a place where they will provide affordable clothing to people who need it.
